Hi Lincoln,

I understand that OPA is reviewing the talkers for the G7 Environment Minister Meeting (EMM) today. We have received some additional information from the Italians which you might find helpful. First, for each topic at the EMM, the Administrator will have 3 minutes for remarks- not five as we were previously told. After each Minister makes his or her remarks, there will be a general open discussion during which the Administrator may wish to provide an additional 2 minutes of thoughts should he wish.

The Italians have a facilitator to introduce each topic and pose questions to the room. We have updated the briefing papers, attached, with the questions which we have just received. We have latitude in whether we want to focus the Administrator's remarks on those questions, use the questions as an opportunity to pivot to our key messages etc.

Please let us know if you need anything.

Best, Hodayah

Subject: Additional G7 Talking Points Added to Memos on the SharePoint Site

Hi Lincoln,

I'm working on G7 preparations. Mark asked me to let you know that we received additional talking points and background information from OLEM, which we have added to the [Sustainable Packaging event memo](#) (in the Thursday June 8th Rome folder) and the [Resource Efficiency briefing memo](#) (in the Monday June 12 G7 folder) on the G7 SharePoint site. Please let me know if you have any questions or need additional information.

Thanks,
